

**December Quilt &
Needlecraft Pelican
Pouch Article**

We continually are welcoming back our snowbird friends who have been stuck up North because of this virus. Boy would we like to stick a needle in that crimp on our lives.

For those who have missed the month, we been learning and practicing connecting binding as well as how to miter corners. Guys who have done woodworking know how difficult that can be but with a few tricks we can all conquer it.

Mary Ann Frey taught us the mitering and binding connecting. Penny

December Quilt & Needlecraft Pelican Pouch Article

We continually are welcoming back our snowbird friends who have been stuck up North because of this virus. Boy would we like to stick a needle in that crimp on our lives.

For those who have missed the month, we been learning and practicing connecting binding as well as how to miter corners. Guys who have done woodworking know how difficult that can be but with a few tricks we can all conquer it.

Mary Ann Frey taught us the mitering and binding connecting. Penny Breeding has been teaching us a unique 3-D Christmas wreath making which we will be working on the whole month.

Linda Walsh

- For those wondering what's coming up:
 - Nov. 13th and 20th we will be working on our Christmas wreaths with Penny.
 - Nov. 27th. Is Thanksgiving, sew on your own
 - Dec. 4th. Business Meeting
 - Dec. 11th. Disappearing 9 patch with Rebecca---- need 9 squares of contrasting colors of any size but all the same size.
 - Dec. 18th—Christmas Party depending how many members are still here.
 - Jan. 8th is a Business Meeting
 - Jan. 15th.
- On our club calendar can be accessed from:
